Missions is a very important part of Williams Baptist College and the Campus Ministry department. We desire to see students on mission with God all over the world. To accomplish this, we offer mission trips each spring break and we also help students find places to serve during the summer, here in the United States or overseas.

**Spring Break Missions**
This year (March 20-29) we have three Spring Break mission trips for students to choose from:

1) New York - **Let My People Go** is a unique short term mission experience in NYC for college students. Students will learn about the nature of human trafficking, returning home with concrete, Gospel-centered ways to fight it. Students will do street work with at-risk teenagers and the homeless of NYC. They will stay in the Ministry Housing located in Chinatown.

OR, 2) Cambodia – **Making Christ known utilizing science, sports and lots of love**! Join this team and make a difference through building an aquaponics system. This system will provide sustainable food for villagers as well as a place where missionaries can tell stories of the Creator, His creation, life, and eternal life through Jesus Christ. They will also repair a floating basketball court! American students repairing a floating basketball court in a floating Cambodian village will get plenty of attention, and create opportunities to share the gospel! In addition, it will provide a place to play basketball and a gathering place for missionaries to share the gospel with Cambodian children and teenagers.
This Williams Baptist College mission effort is in cooperation with the International Mission Board, and facilitated by Tom Cox World Ministries.

OR, 3) Memphis Street Reach. Street Reach utilizes mission teams to reclaim local communities by providing Bible day camps for children along with serving the community with various in-kind ministry opportunities in North Memphis. This trip will be in partnership with the First Baptist Church of Huntsville, AR.

Summer Missions
During the summer, we send student missionaries all over Arkansas, the United States and the world to share the love of Christ. In the past, students have served in Alabama, California, Florida, Georgia, Wyoming, Australia, Guatemala, Hungary, Peru, and Ukraine (just to name a few!), making an impact on the world for Christ.

This summer WBC is offering two summer mission trips:

1) Limbe, Haiti (May 11-23).

Students will be working on the campus of Christian University of North Haiti (UCNH). UCNH is a private Christian university located about one hour outside the northern city of Cap Haitian. One of only a handful of colleges located outside of major Haitian cities, UCNH meets the need for higher education among the less wealthy of Haiti.

The group from Williams will build scholarly exchange with UCNH and practice conversational English with its students. In the afternoons, the WBC group will help with a local church plant by interacting with school children.

OR, 2) Columbus, OH (June 7-17).

This summer 1,000 college students will gather in Columbus, OH to be immersed in an experience of life and ministry within the city. Walking alongside church planters and local churches, participants will learn to identify and meet physical and spiritual needs of residents through church planting skills, methods, and strategies. Most importantly, they will be challenged to leverage their lives for the gospel by living life on mission.

Many different types of mission opportunities are available all year round and WBC Campus Ministries will help your student find an area that best fits them and their desires. Throughout both semesters we will have representatives of mission agencies on campus recruiting students to be a part of their summer projects.

Praying for Missions
We invite all WBC students, faculty and staff to join us in prayer for the spread of the gospel here and throughout the world.

We would also like to encourage you to pray for missions. Obviously, we want you to pray for these mission trips and the WBC students and staff that will be making these trips. Pray for safe travel, health, effective communication, and that God will open the doors for the gospel to be presented. Pray also for your WBC student and how God might use him/her to support missions either as a vocation, on short term mission trips, or giving through their local church.
